

PHARAOH CALLED JOSEPH...

ZAPHNATH-PAANEAH

MEANING: Saviour of the age; Revealer of the secret.

"And the LORDE was with Joseph, and he was a luckie fellowe." TYNDALE
TRANSLATION OF GENESIS 39:2

In the above scene Joseph presents his father Jacob to Pharaoh; while his brothers are seen in the background...It is written: "And Joseph brought in Jacob his father, and set him before Pharaoh: and Jacob blessed Pharaoh." Genesis 47:7. What great things are accomplished from visions given by our God! Pharaoh blessed by ISRAEL! Think of that!

If we consider the marvellous change of fortune in Joseph's life. The deliverance from the pit and the prison, the sudden elevation to the princely power in Egypt. It may be safely said there is nothing in the highly seasoned tales of literature in romance so passing strange!

Moses; after chronicling the sins of his brothers against Joseph in the sacred record and tracing all these sins to their proper fountain---the heart. The sacred writer adds---"God was with him." Thus giving us the key to his most remarkable preservation and success...

Man was against him, woman against him, Satan against him, principalities and powers against him; but God was for him....therefore the victory was Joseph's.

His brothers cruelly persecuted him; but their conduct was over-ruled by God to be a mercy to themselves and the elevation to Joseph in the land of Egypt. Their very wrath aided them, but they knew it not! If they had not done as they did, the exaltation of Joseph, which was their safety, would not have been accomplished.
