

- PUBLICATIONS - We will need several competent persons with good command of the literary English to "polish up" translations from German and eventually to write original English language articles dealing with various aspects of AB's Art; we will supply the necessary news materials, etc.
Background in art, history of art, architecture and German is essential.
- FUNDRAISING - Having established the Society as a tax-exempt, non-profit educational organization, we shall emulate large, successful art museums and galleries in our search for substantial funds. We will have to seek the support of corporations, foundations, museums, professional people.
From our members we shall seek bequests, endowments, gifts of life insurance policies, securities, real estate, etc.
If we are to be successful in the long run, this type of fundraising will be absolutely necessary and very important. The enclosed tax information is the first step in this direction; if you need further information, please write.

We will also need advice regarding our acquisition program of lithographs, etchings, drawings and sculptures for the ARNO BREKER MUSEUM OF CLASSICAL ART
- LIBRARY - We need a librarian to devise a catalog system for our books, postcard reproductions and slides
Also to advise us on acquisition of art books, magazines, special interest articles, etc.
- PUBLIC RELATIONS- We must seek out influential people in the media - newspapers, magazines, TV; in the universities; in museums and galleries; in libraries. If you know such people - try to get them interested or send us their names and addresses.
