

Security Council or to extend the amended "military aid program" that gave the President the power to send our boys for wars to defend any foreign nation. These bills were not passed by Congress until after the President sneaked us into the Korean war under the Security Council of the "United Nations", and he placed our boys at the "disposal" of the U.N. Security Council, and he put the U.N. flag over our Armed Forces in Korea! The Jews got us into this mess in Korea! by pulling that military coup d'etat at 3 A.M. on June 25, 1950, whereby the President ordered us to war in Korea under the "United Nations"! And now the Soviet Malik is President of the Security Council. Then, weakly and supinely, the Congress, without any objection from any member, has followed along with this war! Yet we are not officially at war, and in violation of his oath of office and in direct violation of all U.S. Law, the President has turned our armed U.S. forces over to the "United Nations" for war in Korea! Where our forces are being mass-murdered by these "Reds" under direction of the U.N. Jews!

Yet not one member of Congress has raised any objection to this mass murder! Instead, they are licking their chops and racing to pass all the war powers the President asks for now, and boasting to the voters of giving full cooperation! And these "Red" Jews in U.S. Army and Navy uniforms as "generals" and "admirals" crowd the hearing rooms, getting every power over the lives and liberties of the American people they ask for!

It's plain for all to see that "Red" Jews are in charge directing this war! All the witnesses for the war bills are "Red" Jews in U.S. general's uniforms! Yet not one challenge comes from any member of Congress! Instead they welcome the Jews and pass all their bills fast too! Another thing is that all opposition is smothered, not allowed! And I find myself under virtual arrest with Capitol police closely watching me!

Capitol police are under orders to arrest everyone protesting! And a policeman is constantly after me whenever I appear at Hearings now! Five and six persons per week are arrested and sent to Gallinger Hospital here! Gallinger is the insane asylum in the District of Columbia for criminals! For the "crime" of appearing on Capitol Hill and voicing any protest people are being detained and taken to Gallinger Hospital here now! To protest war is considered as "insanity" by the Jews, and a crime! You are arrested and charged with being criminally insane! If you don't call that a Police State, then what is it? This is the same sort of Jewish terrorism as is in Russia! I saw several characters in position of terrible power, in the uniform of high ranking Army and Navy officers, who spoke in broken English! That looked like Soviet secret police at the Capitol! One was a big horrible hooked-nosed Jew named "Wentzell" or "Whenchell" posing as a Brig. Gen. of the U.S. Marines, and he demanded 500,000 more Marines! and got them, too! Another one or two were short fat, greasy pudgy little Jews who looked like Jewish butchers. All were horrible looking alien Jews; few were Christians.

The President and his entire cabinet should be arrested for Treason! But instead of that I was arrested, but freed, in the Capitol, for protesting! I said: Declaring the Korean war under the "Red" Jew "United Nations" and placing our boys at the "disposal" of the "United Nations" Security Council was a deliberate betrayal of trust on the part of President Truman, as he well knew at that time that the next in line to be President of the "United Nations" Security Council was the "Red" Jew Soviet Delegate Jacob A. Malik! The Soviet chief of the "United Nations" is now in full charge of our boys! In fact, this was true on July 20th and 21st, 1950, when I became alarmed at the sight of so many Jews packing the Senate Armed Services Committee who were in the uniforms of the very highest ranking U.S.A. generals and admirals! I handed out my statements to every Senator and to the Press, but I was stopped by order of the Jews, through Senator Lehman!
