by the depth and variety of the material we're producing and the challenges we're addressing. All you have to do is drop us a note or give us a call and we'll make sure you get the most recent resource list. We are pleased so many of our friends continue to request these important resources. I hope you will make use of them as well.

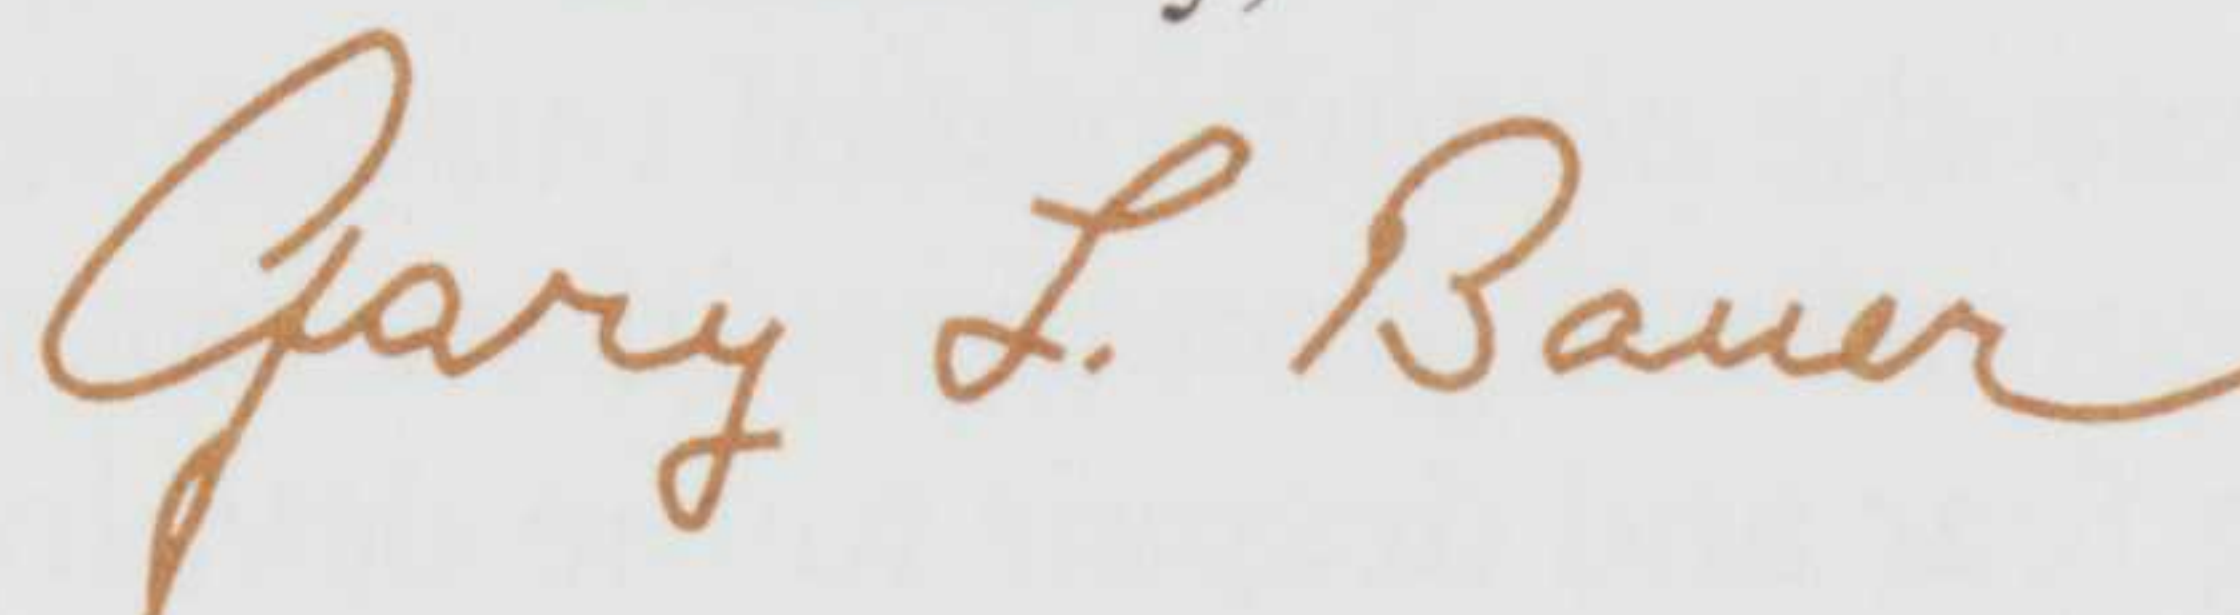

Our helpful resource materials aren't just available to those who support us financially either. Every month, for example, we send our newly redesigned *Washington Watch* to tens of thousands of families who are not among our donors, but who want to receive the information it contains. From my first day as FRC president, I have made it clear to the public and to my staff that FRC would never deny resource material to any family regardless of their ability to pay. With the long odds we constantly face in the media and on Capitol Hill, we need to add the voice of every family we can to the chorus calling for change.

In that respect, we have added some 70,000 new families to our ranks in the past year. We praise the Lord for such a great blessing. Keeping my pledge to FRC's growing "family" of constituents will only be possible through the generosity of people who support our work beyond the direct value of what we send them. If you are among that number, God bless you -- and please know that we continue to count on you.

If you cannot support us financially at this time, please keep us in your prayers during this special Thanksgiving season, and let us know what we can do to be of greater service to you, your family, and all the families of America.

Finally, may you and your family have a truly holy Thanksgiving, and may we all rejoice in the abundant life -- that cornucopia of grace -- our Father in Heaven has richly showered upon us.

Sincerely,

Gary L. Bauer
