

TO PUT INTEGRATION OVER, THE PEOPLE MUST BE KEPT IN IGNORANCE OF THESE FACTS -

The law does not require integration.

The Court ruled that the words (Equal Educational Opportunities) mean that the blacks must be admitted to the white schools.

It is, of course, proper for the Courts to interpret the law; however, this presupposes two things - - 1. There must be disagreement with respect to the meaning of the law. 2. The court must confine itself to a reasonable interpretation of the words of the law and mustn't change the law - either by amending the law. Or by violating the mission of honest interpretation.

But, in this case, there was no dispute over the meaning of the law. Yet the Court did change the meaning of the law.

There is, therefore, nothing back of this new school policy but a Court ruling; and, under constitutional system the Courts cannot make rulings without authority in law which the people must obey !

Under ordinary conditions, a Court ruling like that would have NO SUPPORT at all except from collectivists and/or communists.

And of course, the infidels in the churches and synagogues, know how to solve the race problem are eager to show how this can be done !

These are the people who have dug up the bloody shirt of Civil War days and are waving it in the name of Racial Brotherhood. They are on hand on every occasion to escort black supremacy into white schools.

Integration of the schools will enable them to steal still more and favor integration for that reason are, today, our most dangerous enemies !

Whether the Court is responsible for it, or not, the general public is the victim of gross deception in this question-matter !

1. The public is led to think (falsely), that the law requires integration.

2. The people are being led to believe (falsely), that the only way we can give the blacks the equal school opportunities to which they are entitled is by opening our white schools to them.

And it is taught, everywhere, that the blacks admitted to white schools are, thereby, given school opportunities equal to the opportunities enjoyed by the white students in the same schools.

There is not a Catholic anywhere who would feel that he was allowed equal religious rights and privileges, if he were compelled by bayonets at their throats by the authorities to attend a Protestant Church.

Nor is there a Protestant who would say that his constitutional rights were preserved, if he were compelled by bayonets at their throats by law to attend Catholic services.

Yet that would not violate one's rights as seriously as sending either white or black children to an integrated school !

The use of (INTEGRATED) in this way convicts integrationists either - (of being crooked politicians, rabbis, priests or preachers). Or of being grossly ignorant.

To (INTEGRATE) means to put together what are by nature integral parts of a natural unit. Whites and blacks are different animals !

Those who talk of (INTEGRATING) our schools are etymological, biological and economic illiterates !

Only a crooked racketeer or an ignoramus would say he integrated a school when what he had done is to violate the constitutional responsibilities of both whites and blacks by forcing them to attend the same school.
