

Dear Mr. Nirenberg,

It is difficult to believe Dairy Mart dismissed a successful manager because she refused to sell pornography. Your firing of Delores Stanley, (Toronto, Ohio) two weeks before Christmas demonstrates a calloused disregard toward your own employees. It also shows Dairy Mart is more committed to selling porn than having a profitable store. Because of your insensitive firing of this young mother of three and your insistence on being in the pornography business I am boycotting all Dairy Mart stores. I will encourage my friends and family to do the same.

Sincerely,

---
