

OUR SCHEDULE

We are so gratified by the overwhelming response to our ministry. God has been so faithful to open the doors where we can have a real impact, and we praise Him for that. He is proving Himself to us through the response of His people. Adding Dannie as a full-time part of our team has brought an anointing that we have not seen before, especially affecting teenagers.

This newsletter will go to press before our January schedule is finished, but the two Sundays that we have been busy as WATCHMAN found us enjoying fellowship with old friends and new. We had a wonderful time at Lookingglass Community Church and Newton Creek Church of Christ in Roseburg on January 8. And January 15 we were in Corvallis at Sonship Center Foursquare Church and Roseburg in the evening at Green Community Church. These churches have been so special to us, and we have been ministered to by them. We look forward to opportunities to labor together in the future.

Please pray with us over our schedule for February and into March:

HELP! WATCHMAN is putting together a slide show to go with many of our songs. We are in desperate need of slides or negatives of patriotic themes, scenery, farm scenes, children, people, pro-life themes, domestic animals and wildlife, great men and women of the faith, etc. Any help that you can give us with this massive project would be deeply appreciated!

Please continue to pray with us that God provides our needs in the area of equipment, finances, priorities, integrity, vehicles, anointing, and perhaps that God will lead us to a place we can call 'home.'
