BREAKING THROUGH ON HUNGER,
POVERTY AND ENVIRONMENT

A new public television series entitled LOCAL HEROES, GLOBAL CHANGE will introduce viewers to extraordinary people: local heroes overcoming poverty and hunger around the world.

LOCAL HEROES, GLOBAL CHANGE (formerly known as "Breakthrough on Hunger") will be fed to PBS stations nationwide at 10:00 pm EDT on May 7, May 14, May 21 and May 28, 1990. Check local listings for broadcast times in your area.

World Food Day organizers and other viewers are encouraged to use the series to stimulate discussion on Third World development, U.S. foreign policy and the growing connections between the U.S. and developing nations.
